## 20-foot folding container for cement plant

What is a 20ft cement tank container?

A 20FT Cement tank container is designed to easily transport cement powder. Due to the 20FT Frame the 20FT Cement tank is ideal for intermodal transport by train, truck or ship. For modification possibilities please go to the modifications page.

What is an offshore cement tank used for?

Our offshore cement tank is separated for five purposes: tank containers for offshore, cement storage, short-sea, deep-sea shipping, and rail transportation. The tank containers are suitable for transporting bulk cement, limestone, fly ash, or coal powder by rail, road, and ship.

What is a danteco bulk cement silo?

Offshore-rated ISO Bulk Cement Silos from Danteco are used to transport and store powdered cement for marine energy infrastructure grouting services. They have manufactured ASME-VIII-Div 1 rules for the construction of pressure vessels and are classified as ISO Type 20B4 (20FT Dry Bulk Containers). They also fall under the ISO TC-104 regulation.
