## 80v power tool solar container lithium battery

What is a GreenWorks 80v high current battery?

Greenworks 80V high current battery provides the power you need for maximum performance. On-board battery fuel indicator allows for on-demand reference of remaining power. Battery delivers fade-free power with no memory loss after charging. Compatible with all Greenworks 80V tools, including blower, trimmer, hedge trimmer, and lawn mower.

What tools are compatible with GreenWorks 80v?

Compatible with all Greenworks 80V tools, including blower, trimmer, hedge trimmer, and lawn mower. Media Carousel - Carousel with product photos.

Can I use a 60v battery in a 20 volt snow thrower?

Our 80V 20" snow thrower models 2600402 /2605202 /2601302 manufactured prior to September of 2017 can only use 2.0Ah or 2.5Ah battery models. Our 60V 8.0Ah battery model 2957102 cannot be used in the following tools: any 60V 12" Snow Shovel, any 60V 22" Snow Blower, any 60V Tiller/Cultivator & any 60V Lawn Mower.

What is the difference between a high current battery and a 80v battery?

The difference between batteries of the same voltage is the ampere-hour (Ah) rating. The higher the ampere-hour (Ah) rating on the battery is the more run time it has to offer. Greenworks 80V high current battery provides the power you need for maximum performance. On-board battery fuel indicator allows for on-demand reference of remaining power.
