
Andor portable power supply manufacturer

What equipment does Andor manufacture?

Andor designs, manufactures, and sells scientific imaging equipment, including charge-coupled device (CCD), electron-multiplying CCD (EMCCD), scientific CMOS (sCMOS - an improved Active pixel sensor), and intensified charge-coupled device camera systems, spectroscopy instrumentation, laser-based and laser-free microscopy systems and software.

What accessories does Andor offer?

Andor supply a portfolio of accessories to compliment the range of scientific digital cameras. These range from standard 'off the shelf' products, such as recirculators or chillers, to custom-made parts that are designed and manufactured by Andor as part of a specific solution. Standard windows have been selected to satisfy most applications.

What spectroscopy products does Andor offer?

Pioneering EMCCD and sCMOS technology, ICCD and CCD detectors. Pre-aligned, pre-calibrated spectrograph and detector systems for Spectroscopy. Flexible laser-based and laser-free imaging solutions for Microscopy. Get the absolute best from your Andor products with our flexible solutions.

Can I send a zip file to Andor Technology?

If you have more than one attachment to send to us, please upload a zip file (10MB max).

ENERNOVA's advanced solutions for power grids, commercial and industrial storage, and home systems ensure a stable power supply ...

Andor supply a portfolio of accessories to compliment the range of scientific digital cameras. These range from standard 'off the shelf' products, such as recirculators or chillers, to custom

...

Official support resources for your Andor scientific instrumentation. Contact Andor Technology or find your local representative using the Andor Contact Map.

Shenzhen SOY is a professional supplier and manufacturer in China, specializing in switching power supplies and electronic products. Their commitment to quality is reflected in their ...

The company, XP Power, is a leading manufacturer and provider of power supplies, including AC-DC power supplies and DC-DC power converters, essential for semiconductor equipment

...

MEAN WELL is one of the world's few standard power supply mainly professional manufacturers, covering 0.5 to 25,600W products are widely used in industrial control, medical and other ...

Huawei SmartLi is a Huawei-developed battery energy storage system solution that provides

backup power for medium- and large-sized data centers and key power supply scenarios.

Leading portable power station manufacturers in China | Tritek, Jackery, ECOFLOW, Bluetti, Sunly Power, Super Pack, HAME, VIPTEK, CARKU, SOUOP.

Search Portable Power Supply products in Shanghai. Contact Shanghai Portable Power Supply manufacturers and suppliers from Made-in-China .

Lipower was to be one of the first factory focus on portable power station in China It was founded in 2012, Lipower is an ...

Official support resources for your Andor scientific instrumentation. Contact Andor Technology or find your local representative using the Andor ...

Andor is a world leader in design and manufacture of high-performance EMCCD, sCMOS and CCD cameras, microscopy systems, spectrographs, and optical cryostats.
