# Azerbaijan energy storage fire equipment manufacturer

Will Azerbaijan build the first industrial battery energy storage system?

Azerbaijan is currently conducting the selection of a company for the construction of the first industrial battery energy storage system, Deputy Energy Minister Elnur Soltanov told journalists at the Alley of Honor during the commemoration of National Leader Heydar Aliyev's memory, Trend reports.

Can Azerbaijan adopt energy storage systems?

The BISTP's experience with this pilot project is vital for the adoption of energy storage systems in Azerbaijan. This initiative lays the groundwork for developing similar infrastructure on an industrial scale, aligning with the country's broader renewable energy ambitions.

Is China a key partner in Azerbaijan's adoption of battery energy storage systems?

China is poised to become a key partner in Azerbaijan's adoption of Battery Energy Storage Systems (BESS) and other advanced energy technologies. During COP29, Azerbaijan's Ministry of Energy signed a Memorandum of Understanding with China Southern Power Grid International (Hong Kong) Co., Ltd and Powerchina Huadong Engineering Corporation Limited.

What is Azerbaijan's energy regulatory system?

Currently, Azerbaijan's energy regulatory system relies primarily on large-scale gas-fired power plants, which provide stable output unaffected by weather conditions or climate variability.
