Who is China bison inverter generator?

China BISON is a professional inverter generator factory & company. Wholesale best inverter generator at a competitive price. What is an inverter generator? An inverter generator is a type of generator that can process electricity into electricity similar to that of the public grid.

What is an inverter generator?

Inverter generators can be light, heavy, or equipment installed in recreational vehicles (RV). Inverter generators are usually the first choice for daily power generation because they run quieter than traditional generators and help protect electronic equipment, precision equipment, etc.

Are Inverter generators quiet?

Inverter generators are already much quieter than traditional portable generators, but there are still some differences in noise levels between different models of inverter generators. The inverter generator produces 58 decibels to 62 decibels of sound at full-rated output.
