
Canberra home solar panel manufacturers quote

How much do solar panels cost in Canberra?

According to Solar Choice, solar panels of sizes ranging from 3kW to 10kW can set you back \$4,850 to \$8,520 on average in Canberra. Premium solar panel systems with better quality and service will cost you more. The brand and quality of hardware, the installer's rates, and the rebates will influence the price you pay for a solar system.

Who is solar power Canberra?

At Solar Power Canberra, we supply and install residential solar panels across Canberra and the surrounding region. We believe solar power is a great way to reduce your energy bills and help the environment, and our team of experienced professionals can help you get set up with the right system for your home.

How much does a 5kw Solar System cost in Canberra?

The cost of a 5kW solar panel system will depend on the quality of panels and inverter installed and the company doing the job. For the 6kW solar system in Canberra ACT (the most popular size Australia-wide), the average cost in Canberra is around \$7,387. The table below shows the average cost of solar PV systems of different sizes in Canberra.
