
Customized 10kW Folding Container for Africa

Who are Custom containers & conversions?

We specialise in Custom Containers and Conversions across diverse industries and verticals, offering tailored solutions that are designed to meet your unique needs. Our supportive services encompass the design, construction, and engineering of high-end steelwork, including skids, staircases, and other structures.

What is a foldable container building?

The Foldable Container Building is a smart, space-efficient modular structure designed for fast deployment, portability, and long-term use. Ideal for residential, commercial, and industrial applications, this innovative foldable container solution combines mobility with durability, offering a flexible alternative to traditional construction.

What makes our container solutions unique?

Our container solutions are underpinned by meticulous planning, thoughtful design, and technical expertise. As a market leader, we continuously explore new technologies and can confidently design, build and deliver state-of-the-art container solutions that are sustainable, efficient, and requiring of minimal maintenance.

What is a folding container house?

It's the ideal solution for remote projects, mobile offices, site accommodation, and temporary housing. Manufactured with high-grade galvanized steel and rock wool-insulated sandwich panels, our folding container houses are engineered to withstand harsh climates and tough working conditions.
