
DC power storage container for mining applications in Bangkok

What is C&I battery energy storage system?

Our C&I Battery Energy Storage System (BESS) is a high-capacity industrial battery storage solution, grid-connected to optimize energy usage and reduce costs.

What is industrial battery storage?

This industrial size battery storage system lowers capacity and demand charges through peak shaving and valley filling, enabling peak and valley arbitrage, shifting peak electricity usage, boosting investment returns, reducing grid pressure, and ensuring reliable backup power with its robust industrial battery storage container design.

How much power does a 20ft container have?

The 20ft container features a 614 kWh 250kW power storage system, which can be built almost anywhere due to the prefabricated design, therefore, much time and money involved in the process will be saved. The control system of voltage and frequency regulation can help meet the emergency demand for power supply.
