# **EK solar container lithium battery Factory in Porto Portugal**

Will China build a lithium-ion battery factory in Portugal?

February 2025 Chinese battery manufacturer CALB has confirmed its plans to build a production facility for lithium-ion batteries in Portugal. The factory with an annual capacity of 15 gigawatt-hours is intended to start production in 2028. According to CALB, the investment amounts to two billion euros.

How much money will Portugal invest in a new lithium battery?

The 36 projects will net the country over 2.7 billion euros and are part of the largest influx of such investment in Portugal since 2016. China Aviation Lithium Battery (CALB) will invest 2 billion euros in the state-of-the-art factory - its first in Europe.

Will Portugal invest in a lithium battery factory in Sines in 2023?

A planned lithium battery factory in the port of Sines leads a raft of new foreign direct investment (FDI) projects secured by Portugal in 2023. The 36 projects will net the country over 2.7 billion euros and are part of the largest influx of such investment in Portugal since 2016.

What is China Aviation lithium battery (CALB) doing in Portugal?

China Aviation Lithium Battery (CALB) plans to invest US\$2.09 billion in a 15GWh EV battery factory in Sines, Portugal, set to start operations in 2028. The project aims to create 1,800 jobs and could contribute over 4% to Portugal's GDP.

Chinese battery maker CALB will invest EUR2 billion (\$2.09 billion) in a lithium battery gigafactory in Portugal, with production expected to begin in 2028, the company said on Friday.

Chinese power battery maker CALB (HKG: 3931) has begun construction of its battery plant in Portugal, its first overseas factory, as it begins its efforts to add capacity overseas.

CALB invests \$2.09 billion in a gigafactory in Sines, Portugal, to produce 15 GWh of lithium batteries annually by 2028. This project strengthens Europe's EV battery supply ...
