Timorese making progress with its first international submarine cable link.

What telcos are in Timor-Leste?

Timor-Leste has three telcos - Timor Telecom, Telkomcel and Telemor - which jointly provide 98% national coverage with their mobile infrastructure. All three launched LTE services during 2019, and this has resulted in a rapid increase in mobile broadband penetration, driven by a rising proportion of mobile subscribers having smartphones.

Will Telemor launch a 5G service in Timor Leste?

Telemor extends mobile satellite agreement with SES. Bureaucracy and indecisiveness risks delaying Timor Leste's first submarine cable connection. Telemor aiming to launch a 5G service once the Timor-Leste South Submarine Cable is in service, and providing the necessary bandwidth to keep up with anticipated data demand.

Does Timor-Leste have fixed-line broadband?

Fixed-line and fixed broadband penetration in Timor-Leste remains extremely low, mainly due to the limited fixed-line infrastructure. However, Timor Telecom's national terrestrial fibre network has helped boost fixed broadband subscriber growth and will continue to do so over the next few years.
