# Egypt Alexandria Energy Storage Construction Project

What's going on with Egypt's solar project?

Work is underway on a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. The first phase of the project is scheduled for commercial operation during the first half of next year.

What is Egypt's first hybrid solar and battery project?

The project, billed as Egypt's first hybrid solar and battery project, will be built in two phases. The first will see 561 MW of solar constructed alongside 100 MW/200 MWh of battery storage, with a targeted date for commercial operation in the first half of next year.

What is a hybrid energy project in Egypt?

It will be one of the first hybrid renewable energy projects in Egypt and is expected to serve as a pilot for uptake of the technology in the country. The project will support the green energy transition in Egypt while helping keep the grid stable and reliable in the face of growing electricity demand.

How does the EBRD invest in Egypt?

The EBRD's areas of investment in Egypt include the financial sector, agribusiness and manufacturing and services, as well as infrastructure projects in the power, municipal water and wastewater service sectors, and contributions to upgrading the transport sector.

Obelisk is Scatec's largest project to start construction to date and combines solar and batteries to deliver stable and cost competitive renewable energy to support Egypt's ...

Scatec starts constructing large-scale solar, battery storage project in Egypt Work is underway on a 1.1 GW solar project with 100 ...

Norwegian renewable energy developer Scatec has initiated construction on a 1.1 GW solar and 100 MW/200 MWh battery storage ...

The European Bank for Reconstruction and Development (EBRD) has provided a US\$30 million equity bridge loan to support Egypt's first major hybrid renewable energy ...

Egypt's government has signed contracts with developer AMEA Power for two large-scale battery energy storage projects, the ...

The European Bank for Reconstruction and Development (EBRD) has provided a US\$30 million equity bridge loan to support ...

The integrated solar-plus-storage facility aims to enhance grid stability by enabling solar power use after sunset . Trina Storage delivers ...
