# European solar Inverter Factory

Who is a leader in Europe solar inverter market?

Schneider Electric SE, Siemens AG, FIMER SpA, Mitsubishi Electric Corporation and General Electric Company are the major companies operating in the Europe Solar Inverter Market. This report lists the top Europe Solar Inverter companies based on the 2023 & 2024 market share reports.

Which country is the largest solar inverter market in Europe?

In particular, Germany is expected to be a significant market for these companies due to its status as Europe's largest solar photovoltaic market. These corporations are also expected to benefit from trends such as an increase in larger solar PV installations.

## 1. COMPETITIVE LANDSCAPE

Who are the key players in Europe Solar Inverter Market?

How big is the European solar inverter market?

The European solar inverter market is set to grow from USD 2.85 billion in 2024 to USD 3.66 billion by 2029, with a growth rate of 5.06% annually. This growth is driven by government incentives, investments in solar energy, and a focus on reducing carbon emissions. Germany is the largest market, followed by the UK and France.

Who makes solar inverters?

Following SMA in the pecking order is Kaco New Energy, also one of world's largest manufacturers of solar inverters globally. Headquartered in Neckarsulm near Stuttgart, Kaco has businesses in 16 countries, with its production facilities in Germany, the Americas and Asia having produced inverters with a total capacity of around eight GW since 1999.

In what might be a sign of things to come in other regions, the European Union has declared the dependence on solar inverters from China as a high risk dependency.
