## Factory price solar powerbox in Melbourne

How much does a solar panel cost in Melbourne?

Solar panel cost depends on your roof, how much energy you chew through, and even which brand you end up picking. Let's talk about Melbourne. On average, you'll find that Melbourne solar panel prices for a decent family home usually sit somewhere between \$3,500 and \$9,000 (that's after rebates). Sounds like a wide gap, doesn't it? Here's why:

How much does a 10 kW solar system cost Melbourne?

The 10 kW solar system cost Melbourne - Great for larger homes with high usage, or people who want to be future-proof for electric cars. Costs range from \$9,000-\$13,000+ depending on the panels and inverter brand. Of course, these prices depend on whether you go for cheap solar panels Melbourne or premium brands.

What affects the price of solar panels in Melbourne?

Many variants affect the price of panels in Melbourne, and you should consider each one: All Melbourne solar panel installations will receive the Federal government solar rebate providing the solar panels are approved by the Clean Energy Council, and an accredited installer performs the install.

How much do solar panels cost in Victoria?

So, say you go for a 6.6 kW system (the most popular size right now), you're looking at somewhere between \$6,600 and \$9,000 before incentives. Across Victoria, the solar panel installation cost VIC is in the same ballpark. Rural homes can sometimes be a bit pricier because of transport and fewer local installers.
