
Fiji plans energy storage project

Does Fiji have a power development plan?

EFL has similarly developed a 10-year Power Development Plan (PDP), with nearly US \$1 billion in investment foreseen in the next decade. Fiji's 20-Year NDP (2017-2036) provides a vision for "Transforming Fiji" towards an even more progressive, vibrant, and inclusive society.

What is Fiji's REI investment plan?

Fiji's proposed REI Investment Plan is based on project concepts developed in three recent policy documents: The National Infrastructure Investment Plan (NIIP), the Nationally Determined Contribution (NDC) Implementation Roadmap, and EFL's most recent 10-year Power Development Plan (PDP).

Which climate and sustainability strategies are adopted by Fiji?

Other climate and sustainability strategies adopted by Fiji, and which have a meaningful impact on the country's energy sector include the Fiji Low Emission Development Strategy (LEDS); the NDC Implementation Roadmap; the SDG7 Roadmap for Fiji; the National Adaptation Plan; and the Maritime and Land Transport Policy.

Is Fiji a good place to invest in REI IP projects?

Fiji's government and energy sector institutions are extremely well placed to implement REI IP projects financed by CIF. It has 5- and 20-year National Development Plans (NDP) that it updates regularly and more recently, a National Infrastructure Investment Plan (NIIP) approved by Cabinet in early 2023.
