## Go to KFC to charge outdoor power bank

What is a shared power bank?

Shared power banks are portable battery packs available for rent at various locations. These power banks provide a convenient solution for charging your mobile phone and other devices on the go. In China, this service has become incredibly popular, making it easy to find a power bank rental almost anywhere. How Do Shared Power Banks Work?

How do you use a power bank?

Payment is typically made through mobile payment apps like WeChat Pay or Alipay. Charge Your Device: The power bank comes with multiple cables, including micro USB, USB-C, and Lightning connectors. Plug in your mobile phone and start charging. Return the Power Bank: When you're done, return the power bank to any station.

How do I rent a power bank?

Locate a Power Bank Station: Shared power banks are available at numerous stations, including malls, restaurants, and public transport hubs. Scan the QR Code: Most power bank stations have a QR code. Scan it with your mobile device to start the rental process. Rent a Power Bank: Follow the prompts to rent a power bank.

Does my power bank need to be charged?

However, in order to charge your devices on the go, your power bank itself has to be charged. Power banks can easily be charged with a laptop or wall socket. Once your power bank is fully charged, you can unplug it and use it again. Check the LED lights to see when your power bank needs charging.
