# High-Temperature Resistant Folding Containers for Island Use

What is a Feurer insulated container?

FEURER insulated containers offer the ideal solution for the transportation and storage of temperature-sensitive products. Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination.

Why should you choose insulated containers?

Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination. With high-quality materials and sophisticated design, we combine excellent protection with easy handling and sustainable reusability.

What types of insulated containers are available?

Our huge selection of shippers includes various sizes of EPS (Expanded Polystyrene), Fiberboard, PUR (Polyurethane) and VIP (Vacuum Insulated Panel) insulated containers. They are sold without refrigerants, but if you need those too, check out our Refrigerants pages here.

What is a specialty bulk insulated container?

Specialty bulk insulated containers are available for applications such as defrosting or chilling, onboard handling, live transport, and frozen food and dry ice transport. Specialty models include: D337 fish tote for sorting, grading, & storing products on on-board vessels. DF1000SS fish tote for reducing frozen product thawing time by half.
