
High-end inverter price in Karachi Pakistan

How much does a solar inverter cost in Pakistan?

These solar inverters' prices vary in nature, brand, and power capacity. Relatively, the prices of solar inverters in Pakistan start from Rs. 25,000 for small inverters to Rs. 500,000 or more for high-capacity hybrid models. The following table shows the price range for different types and capacity options of solar inverters in Pakistan.

Are Canadian Solar inverters a good choice in Pakistan?

In 2025, Canadian Solar inverters are increasingly used in hybrid and on-grid solar systems across Pakistan due to their long-term performance and value for money. With local distributors and warranty support available, this brand has become a trusted name among Pakistani solar energy users. Note: Prices vary depending on:

How a solar inverter works in Pakistan?

A solar inverter converts direct current (DC) electricity generated by your solar panels into alternating current (AC) used by household appliances and the national grid. Before looking at prices, it's important to know the types of solar inverters available in Pakistan: Connected to the national grid. Excess electricity is exported.

How will Pakistan's solar inverter market change in 2025?

Market Dynamics: In 2025, Pakistan's solar inverter market is seeing increased competition, leading to a slight price decline due to improved import logistics and local assembly. However, currency fluctuations and import duties can still impact costs.
