# How much does a grid-connected folding shipping container cost for a US farm

How much does a shipping container cost?

Shipping containers are a major investment. Their prices show how versatile, durable, and customizable they can be. This piece shows that container costs range from \$500 for simple used units to \$8,300 for specialized options. Most buyers spend between \$1,800 and \$8,300 with delivery included. Container size makes a big difference in price.

Are new shipping containers more expensive than used?

New containers are typically more expensive as they are in perfect condition and ready for long-term use. Used containers are less costly but have some wear and tear. Shipping container sizes and prices are directly linked to each other. The price also depends on how well the container has been maintained over time.

How much does a shipping container cost in 2025?

The 2025 shipping container prices range from \$500 for simple used units to \$8,000 for specialized options. The market has become more stable after a rough period. Drewry's World Container Index shows \$2,499 for a standard 40ft container. Used containers cost more in the first quarter of 2025 because they're harder to find.
