
Huawei Budapest solar container battery

Where is the largest battery energy storage system in Hungary?

Image: MET Group. IPP MET Group has put a 40M/80MWh BESS in Hungary into commercial operation, deployed using technology from Huawei. The 2-hour battery energy storage system (BESS) is the largest in Hungary, Switzerland-headquartered MET Group said, deployed at its Dunamenti thermal power plant in Széchalombatta, near Budapest.

Who makes Huawei battery storage units?

The investment is supported with over HUF 4bn from the European Union's Recovery and Resilience Facility (RRF). Huawei Technologies is manufacturing the battery storage units and the general contractor for the project is Forest-Vill. The transformer was made by Ganz. The MET Group had consolidated revenue of EUR 17.9bn last year.

How much solar power does Hungary have?

State secretary for energy transition of the Energy Ministry Viktor Horvath noted that Hungary had built more than 8,000MW of solar capacity in the past 5-6 years and one-quarter of the electricity generated in the country came from renewable sources last year.

Who makes battery storage units?

Huawei Technologies is manufacturing the battery storage units and the general contractor for the project is Forest-Vill. The transformer was made by Ganz. The MET Group had consolidated revenue of EUR 17.9bn last year. Hungarian oil and gas company MOL has started the construction of a 20 MW /40 MWh energy storage in Algyő (South Hungary).

Learn more about the detailed model, parameter configuration, compatibility, environment, and product description of the LUNA2000 ...

It opens a new chapter of grid forming renewable energy worldwide. In addition, Huawei Digital Power redefines ESS safety with ...

Hungary's largest solar energy project is underway, in collaboration with Huawei. The contract was signed in February, with ...

Huawei's intelligent lithium battery solutions provide dynamic peak shifting, transforming traditional backup power systems into efficient energy ...
