# Intelligent Folding Container for Airports in Ljubljana

What does Ljubljana Joe Punik airport (lju) do?

Fraport Slovenija is introducing Assaia's TurnaroundControl solution at Ljubljana Jo?e Pu?nik Airport (LJU) to optimize turnaround performance and gain valuable insights for future deployments at other Fraport airports.

How does Fraport Slovenija work?

Fraport Slovenija management is embracing state-of-the-art technology to work smarter to ensure a smooth passenger experience. Assaia's TurnaroundControl will gather objective data from every ground handling process, identifying bottlenecks, process dependencies, and discrepancies between planned and actual times.

Is Fraport Slovenija a good airport?

As one of the few airports in Europe with an in-house ground handling department, LJU faces the challenge of maintaining and improving service levels amidst staff shortages and increasing traffic. Fraport Slovenija management is embracing state-of-the-art technology to work smarter to ensure a smooth passenger experience.

What makes a successful airport logistics system?

success of airport logistics depends on the speed of the workflows and the reliability of the processes. systems designed by L&#246;dige for reliably handling any amount cargo and baggage at airports take cycle times to a new dimension.
