## Islamabad single glass solar curtain wall brand

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

Who is solarscreen Pakistan?

It is no surprise, SolarScreen Pakistan has become a trusted name for heat control solutions. Our core services include thermal insulation of windows, skylights and automobiles. As of January 2020, we have installed our products at more than 500 buildings across Pakistan.

Why did solarscreen Pakistan install a transparent film?

This glass building at Lake View Park in Islamabad suffered from extreme heat gain. SolarScreen Pakistan installed our Z Series transparent film to block out 70% of the heat while retaining in the natural light. Click below to download useful documents about our company and products.

Why did IBA choose solarscreen Pakistan over 3m?

IBA management trusted SolarScreen Pakistan over companies like 3M to improve the indoor climate. We delivered all-weather comfort for the students at this premises. The PVC roof of the New Islamabad Airport lets in plenty of natural light into the terminal building.
