## Linkdata solar container lithium battery pack

What is LinkData's competitive advantage?

The key competitive advantage is that LinkData focuses on high energy density, fast charging battery cells development, offering clients with both standardized and highly customized products, from battery cells to the whole battery system, battery selling to battery operation, adhering to the development concept of "new energy, new life".

Where is LinkData based?

In 2016, LinkData became one of the global strategic partners of Panasonic, and is the only private enterprise invested in China. LinkData's business sectors including EV, E-trucks and ESS market. LinkData planned thousand acres of production base in Jiangyin and started the production in 2019 with the designed capacity reached 30GWh.

What does LinkData do?

Linkdata focuses on the world. Facing the trend of globalization in a new round of competition, we always adhere to the foundation of high-tech industrial, and make a breakthrough from product innovation, business model, marketing strategy and other aspects.

Communication Energy Storage Field Ternary lithium battery series and lithium iron battery series have been widely used in the base station, ...

SHANGHAI -- On January 8, 2022, Linkdata New Energy Co., Ltd, a leading Chinese manufacturer of lithium-ion batteries, held a product launch event for its 26-46mm diameter ...

LinkData, a battery system and solution provider, established in 2009 in Beijing. In 2016, LinkData became one of the global strategic partners ...

LiFePO4 Lithium battery pack due to the demand for energy saving strategies, LinkData Technologies delivers a full range of battery power systems with multiple nominal voltages ...

SHANGHAI -- On January 8, 2022, Linkdata New Energy Co., Ltd, a leading Chinese manufacturer of lithium-ion batteries, held a product launch event ...

Top Chinese lithium-ion battery provider Linkdata launches flagship 26-46mm cylindrical cell family products. Linkdata New Energy Co., Ltd, a leading Chinese manufacturer ...

LinkData, a battery system and solution provider, established in 2009 in Beijing. In 2016, LinkData became one of the global strategic partners of Panasonic, and is the only private enterprise ...

Linkdata New Energy Co., a leading Chinese manufacturer of lithium-ion batteries, held a product launch event for its 26-46mm diameter series of cylindrical lithium-ion battery products at the ...
