## Lithium power station factory in Bulgaria

Will Bulgaria reach 10 GWh of battery storage capacity?

The new system also signals the beginning of Bulgaria's national plan to reach 10 GWh of battery storage capacity within the next year. A recent capacity tender has already allocated nearly 9,713 MWh to upcoming projects, further reinforcing the country's ambitions in energy storage.

How big is Bulgaria's energy storage capacity?

A recent capacity tender has already allocated nearly 9,713 MWh to upcoming projects, further reinforcing the country's ambitions in energy storage. Before the commissioning of the Lovech facility, Bulgaria's largest BESS was a 25 MW / 55 MWh system developed by Renalfa IPP in 2024.

Why is Bulgaria building a new power plant?

Energy Minister Zhecho Stankov hailed the installation as a milestone for Bulgaria's energy independence and regional leadership. "This facility will help maintain the most stable energy system in Southeast Europe," he said. "We are the pillar of the Balkans in balancing electricity systems."

International Power Supply has inaugurated Factory X1 near Sofia, marking Bulgaria's first BESS gigafactory with an initial 3 GWh annual capacity, rising to 5 GWh. The ...

International Power Supply (IPS) opened its Factory X1, with a capacity of 3 GWh per year. It is the first gigafactory in Bulgaria for battery energy storage systems (BESS). ...

Energy A new plan for the Bulgarian Energy sector: batteries and renewable energy are in, gas is out Bulgaria's Recovery plan finally ...

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new facility near Sofia. Its latest model ...

The LiFePO4 Energy Storage manufacturing facility in Rousse, Bulgaria, is officially open for business, Solar MD said. The battery ...

International Power Supply (IPS) has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria - a site recognized by the ...

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new ...

Belgian battery manufacturer Avesta Battery & Energy Engineering (ABEE) plans to invest 1.1 billion euro (\$1.2 billion) in the ...

Bulgaria has taken a major step forward in its renewable energy strategy with the inauguration

---

of a 124 MW / 496.2 MWh battery ...

Nigeria inaugurates its first lithium battery factory in Nasarawa State, funded by China's Ganfeng Lithium Industry Limited. The project ...

A battery energy storage system (BESS) described as the largest deployed to date in the European Union (EU) has been commissioned in Bulgaria. Officials with the ...

Bulgarian firm International Power Supply (IPS) has commenced construction of its second battery energy storage system (BESS) production facility in Sofia, Bulgaria, which will ...
