## Malta solar panel greenhouse customization price

Are solar panels a good investment in Malta?

We can't stress enough how good of an investment home and commercial solar systems are in Malta. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills.

Which solar panels do you use at Panta?

At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

How does Panta support my solar system?

From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution. Under certain conditions, you may also be eligible for a government subsidy when purchasing a solar electricity generation system.

Why should you choose Panta solar?

We have found that the combination of Huasun and Sungrow products provides one of the most power-efficient systems available. Our team of technicians are dedicated to their craft. From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution.
