## Oslo Silent Container Generator

What is a SOLLANT container diesel generator set?

The SOLLANT container diesel generator set has a compact and beautiful appearance through careful design. The box body adopts a detachable structure and is made of steel plates. The surface is sprayed with high-performance anti-corrosion and anti-rust paint.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300-3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

What is a container-type diesel generator set?

The outer shape of the container-type diesel generator set is the standard size of the container, and there is no need to order a special container space during sea transportation, which greatly saves transportation costs. 3.

What is a silent container?

The silent container is made by high performance and anti-ageing, flame retarding, sound insulation and damping materials, with unique and elaborate design for air intake, outlet and noise reduction device. Optional parts: auto fuel feed pump (or control valve), cooling liquid feed pump, dual oil-water separator, auto parallel system, etc.
