
Outdoor Base Station Settings

How do I set up a Wyze base station?

In the Wyze app, tap on your Wyze Base Station. Tap on the Settings gear on the top right. Tap Device Info > Wi-Fi Network. Follow the on-screen steps to finish the setup. Now that your Wyze Base Station is all set up, it's time to add your Wyze Cam Outdoor. Move on to the next article, Wyze Cam Outdoor Setup Guide.

How do I set up a base station?

Set up the base station using either the tripod or T-bar mounting method. You must use an external radio antenna kit for the internal 450 MHz or 900 MHz radio. To avoid interference between the 900 MHz radio and GPRS transmissions, do not mount the external radio antenna within 1 m (3.3 ft) of the GSM antenna.

How do I pair a Wyze camera with a base station?

In the Wyze app, tap Begin Setup. If you have more than one Wyze Base Station, or yours is already full, you'll be prompted to select the one you'd like to pair the camera with. Press the SYNC button on the bottom of the Wyze Cam Outdoor. The camera will say "Pairing is in progress. Please wait." The status light will flash yellow and blue.

How do I add a Wyze Cam Outdoor?

Now that your Wyze Base Station is set up, it's time to add your Wyze Cam Outdoor. It's an easy process, as it relies on Wyze Base Station for network communication.
