## Outdoor Power Outdoor Lighting

How do I choose the best outdoor lights?

Here are a few things to keep in mind when you go shopping for outdoor lights. Power: For most outdoor lighting, you need to run a cable to a power outlet, so you will want an outdoor socket. If you don't have an outdoor socket, it's usually a pretty cheap and quick job for an electrician to install a weatherproof one.

Are outdoor garden lights a good idea?

Outdoor garden lights and solar lights add ambiance, floodlights improve your security, and you can use spotlights to pick out features. I've tested all of these lights in my own yard--I won't lead you down the garden path.

What is the best outdoor power strip?

My top pick, the APS IPX6 9-in-1 Outdoor Power Strip, is waterproof, durable, and includes a mixture of three-prong outlets and USB plugs. See which other models I recommend below. The outdoor power strips below are the best of the bunch. My selections range from small three-outlet power strips up to large capacity 10-outlet models.

Are govee outdoor lights any good?

If visible bulbs and cables annoy you, these aren't for you. The newer Govee Permanent Outdoor Lights 2 (\$330 for 100 feet) are also good, are usually a bit cheaper, and have closer spacing for the lights, but they are not as bright (40 lumens each) or as good at displaying true or cool white tones.

The best outdoor power strips run holiday light displays, electric griddles, and more--in any weather. See which tested well and which didn't.
