
Power breaker switch in China in Manila

Who is Meiji Electric Philippines?

MEIJI ELECTRIC PHILIPPINES, INC. has been in the electrical business for more than 30 years. Established in 1981, the company's operations initially involved the marketing of electrical lighting materials. Through the years, it has grown and expanded, both in product lines and client bases.

What is a circuit breaker?

A circuit breaker is an automatically operated electrical switch designed to protect an electrical circuit from damage caused by excess current, typically resulting from an overload or short circuit. Its basic function is to interrupt current flow after a fault is detected.

What is a Siemens circuit breaker?

Under the Siemens brand, some of their product lineups include circuit breakers, contactors, overload relays, and motor circuit breakers. Their circuit breakers have a current rating that starts from 3A to 6000A at 480V. Most of their circuit breakers are suitable for commercial, industrial, and OEM applications.

Who makes the best circuit breakers?

When it comes to circuit breakers, Zenith provides a very wide selection. Their brands are ABB and Gewiss Electrical. They have air circuit breakers and miniature circuit breakers in various current ratings and amperes. Mega Himel is a distributor and supplier of low-voltage products.
