
Prices of solar panels in Iceland

How much do IKEA solar panels cost?

In the countries where solar panels from IKEA are still available, the costs vary for SOLSTRÅLE, IKEA's product name for their systems. For instance in Portugal, a home for a family of three (with approximately the annual consumption of 6000kWh) six solar panels (2250Wp) would cost 3.190EURO with VAT included.

Where did photovoltaic cost data come from?

Photovoltaic cost data between 1975 and 2003 has been taken from Nemet (2009), between 2004 and 2009 from Farmer & Lafond (2016), and since 2010 from IRENA. Prices from Nemet (2009) and Farmer & Lafond (2016) have been converted to 2024 US\$ using the US GDP deflator, to account for the effects of inflation.

Is there a free online solar panel calculator?

As such it is the only free online solar panel calculator that properly accounts for the effects of time of use billing on solar savings. Most online solar panel calculators just estimate annual usage and production, ignore this complexity and give inaccurate results.
