# Singapore rooftop solar panel BESS price

How much does solar installation cost in Singapore?

The cost of installation will vary based on several factors. The most important being the number of solar panels being installed. The cost of a solar installation in Singapore ranges from S\$15,000 to S\$36,000 or more. That said, a good estimate will be S\$20,000 as most residential solar panel systems are around 10 kWp (S\$2,000/kWp).

Are solar panels a viable upgrade for homes in Singapore?

Solar panels offer one of the most sustainable and financially viable upgrades for homes in Singapore. Whether you choose rent-to-own, hybrid, or an outright purchase, there's a plan to suit every homeowner's financial situation.
