What is a powerbox2 solar kit?

The PowerBox2 solar kit. Comes fully pre-built in a high quality, powder coated cabinet, ready for a DIY install into a Shed, Tiny home or Bach. Shipping New Zealand wide MEDA has all your off grid + solar solutions. Get in touch

Why do you need a solar container?

Deploy power in hours Perfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.

Why is solar power important in New Zealand?

We believe that solar power is a crucial step towards reducing the carbon footprint of New Zealand and making clean energy more accessible. At the same time, we understand that the cost of solar installation can be a barrier for many people.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.
