
Solar glass sales in London

Who is precision glass?

Precision Glass Ltd supply and install semi-transparent solar BIPV panels for architectural glass applications--ideal for heritage properties, conservatories, and carports.

Why should you choose a glass supplier in London?

As a dedicated glass supplier in London, our reputation is built on quality, precision, and the ability to meet complex project requirements with advanced glazing technology.

Where can solar glazing be used?

Solar glazing can be used in many 'BIPV' (Building Integrated Photovoltaic) applications: barns with transparent solar roofs. Polysolar PS-A opaque series panels (4.6 kWp), Future Business Centre, Cambridge.

Why should you buy solar control glass?

The low solar heat gain properties help to reduce internal overheating, and subsequently reduce associated air-conditioning requirements. Buy the best solar glass for your office, home, school, university or any other building from the No.1 manufacturer of solar control glass in the UK.
