# Supercapacitor manufacturer in Zurich Switzerland

Who makes supercapacitor products?

Supercapacitor products are offered by the company under its Industrial Solutions segment. The company's supercapacitor products are used in automotive, energy, and oil & gas applications. Maxwell Technologies

What are supercapacitors & Super batteries?

Supercapacitors in industry standard D60 and D33 form factors, offering reliable high power, low ESR (1S 0.2-1.6mΩ) with 20+ years of lifetime. SuperBatteries fills the gap between supercapacitors and Li-ion batteries, offering the ideal combination of energy, power, and safety.

Which ultracapacitor is best for industrial backup power usage?

They provide wide reaching supercapacitor solutions including: Goldcap brand large can ultracapacitors with maximum capacitance of 2800F supporting peak power discharges. Stacked ultracapacitors modules attaining capacities of 132,000F for industrial backup power usage. The modules integrate balancing and overvoltage protection.

What are supercapacitors & ultracapacitor?

Supercapacitors or ultracapacitors offer unique advantages like ultrafast charging, reliable operation spanning millions of duty cycles alongside wide operating temperatures and collaborative integration with batteries or fuel cells for energy storage applications.

This article profiles the top 10 global supercapacitor manufacturers providing state of the art ultracapacitor cells and modules catering to varying energy, power density and form ...
