# Transaction Terms for a 60kW Folding Container

What does ICC 2020 mean for container shipping?

Updated every decade by the International Chamber of Commerce(ICC),the 2020 version clarifies several key aspects of international shipping responsibilities and modernizes terms for container shipping. Select any two Incoterms to compare responsibilities and tasks between buyers and sellers side by side.

What is a full container load (FCL)?

Most freight shipments use containers,or pallets,crates,and boxes that fit into containers or airplane hold. There are seven incoterms dedicated to this type of cargo. A full container load (FCL) is where the shipment is to be the only one in a container.

What is a normal shipping container?

Here we have gathered some commonly used terms. A normal shipping container. A raised container that is approx. 30 cm higher than a normal (DC) container. A container that meets the international measurement standards for shipping. A special container with no walls or roof. A container that has doors at both ends,i.e. a tunnel container.

What are Incoterms & shipping terms?

1. What Are Incoterms or Shipping Terms Short for "international commercial terms",incoterms are standardized contract terms to be added to a contract of sale that will involve an international freight shipment. The terms define the buyer and seller's responsibilities and the risks that they are assuming.
