## Wholesale smes energy storage in Hungary

Is Hungary a good market for energy storage subsidies?

Moderator Nikita Chandrashekhar, director at advisory Augusta & Co, said the scheme made Hungary an attractive market: "It is probably one of the most advanced subsidies schemes to bring energy storage forward. So from a revenue perspective, perhaps, unlike some other markets, the business case in Hungary seems pretty well developed."

How will Hungary's subsidy scheme affect battery energy storage?

The Hungary panel discussion at the event. Image: Solar Media. Hungary's subsidy scheme for energy storage will drive huge growth in battery energy storage system (BESS) deployments over the next few years.

How much power does Hungary have?

Hungary has 40MWh of grid-scale BESS online today but that will jump 3,400% to around 1,300MWh over the next few years thanks to opex and capex support from the government, said P&#225;lma Szolnoki, senior research associate at trade body the Hungarian Battery Alliance.

Hungary is betting big on batteries -- and the market is moving fast. This in-depth white paper from Solarplaza unpacks Hungary's rapid energy storage evolution, from the ...
