
Zambia Off-Grid Solar Container 15kW

Will Zambia invest in off-grid solar energy?

In collaboration with the World Bank, the Common Market for Eastern and Southern Africa (COMESA), the Africa Minigrid Development Association (AMDA), and other partners, the Government of Zambia is redoubling its efforts to invest in off-grid solar energy throughout the country to connect all Zambians.

How many solar mini-grids will Zambia have by 2030?

"Our target is to have at least 200 solar mini-grids operational by 2030, ensuring that every rural district in Zambia has access to clean, affordable, and reliable electricity," said Makozo Chikote, Minister of Energy of Zambia.

How many Zambians are still without electricity?

Solar home systems, which are rooftop solar panels that provide electricity for lighting, charging phones and running certain appliances, and mini grids, which are solar electricity generation and storage plants that provide electricity to whole villages - have the potential to reach 8.5 million Zambians currently still without electricity.

Who is get off grid?
